

No Paper,
No Labor,
No Envelopes,
No Ink?

No Problem — E-filing Is the Answer!

If you're like most businesses, you're dealing with the reality of global disruptions and challenges, from rising labor and material costs to supply-chain interruptions. What worked – and was affordable – two years ago may no longer apply.

Take traditional W-2, 1099 and ACA tax filing, which relies on paper forms, envelopes, printer ink and stamps. With today's pressing issues, this can be costly and frustrating.

We can help relieve the burden.

The solution? Electronic filing!

Cloud-based e-filing offers distinct advantages that are needed now more than ever. It eliminates the need for paper supplies, as well as the labor demands associated with printing, mailing and manually submitting forms.

Now you can complete your W-2, 1099 and ACA tax filings in 3 easy steps:

1. SIGN UP:

Go to our website to create an account

2. ENTER DATA:

Use our easy-upload wizard to import your data.

3. CHECKOUT AND RELAX:

We file your completed forms directly to the IRS and SSA, in addition to printing and mailing recipient copies. Plus, all payer and recipient information is saved for future filings up to four years.
